

Essential Math Grade 11

Hello Essential Math students,

We are doing section 6.3 this week, which is on Credit Cards. As usual, you only have to do the Build Your Skills parts. Read the explanations and do your best. Take pictures of your completed work and send them to me at rlaliberte@sunrisesd.ca. I will mark your work and send it back to you with comments for you to improve. You can fix your mistakes and then send it back to me.

Have a good week!

M. Laliberte
