ASSIGNMENT 2

LOCAL EDUCATION OPTIONS IN MANITOBA

Local Education Options in Manitoba

Research Project

You will research and present your findings on different education options within Manitoba. You may select any Post-Secondary Education institution in Manitoba.

Full list of education options is included on last page

The purpose of this project is to have a full understanding of your options in the future.

Criteria:

Part One

Degrees, Diplomas, certificates, etc.

- What does your option offer? List all courses/programs available
- What are the highlights/attractions of this option?
- Where is this option located?
- What type of learners would be interested in this option?
- How would you, rate this education Option on a scale of 1-10 and **explain why**.

(1 = Don't bother! 10 = Totally worth it!)

Part Two

Choose **at least two programs** (Degrees, Diplomas, certificates, etc.) that interest you.

- Research pre-requisites needed for entry
- Research duration of the program until completion
- Research cost of the program (yearly, total)

Part Three

Choose **one program** (Different from part two) within your option.

- How much would it cost for this option? Yearly Total? (Ex: tuition, books, fees etc.)

You must budget for a year (for this project, you *must* live away from home)

- Where will you live? Research monthly costs (Apartment, Campus, House, etc.)
- How will you get to and from where you are living to your program? (own a car, bus, cab)
- Groceries – find out costs for one week and multiply for a rough estimate of costs
- Extras! Do you like Internet? TV? Me, too. What do they cost? Decide what you will include in your monthly budget. Leave room in your budget for entertainment.

For Part Three, include the costs per month and then for a year.

- Red River College
- Université de Saint Boniface
- University College of the North
- University of Manitoba
- University of Winnipeg
- Manitoba Institute of Trades and Technology

How you decide to present your finding is up to you!

- You can make a **PowerPoint** that you email to me when you are done.
- You can type up your research in a word document and email it to me or print it off and send it to school.
- You can write it out on loose-leaf paper and hand it in that way as well.

Because of our current situation, anyway you share your research with me will be fine. You are getting a mark simply for doing the assignment. The information you found, and your learning is what is most important right now and that's what I will see when I mark the projects.
