20S

## UNIT 3 - LEARNING AND PLANNING

**WORK PACKAGE 9**

**TUESDAY MAY 12<sup>TH</sup>**

## Lifeworks tasks:

Lesson 3 Education and Training Options: This is a short lesson with notes just outlining some possible education options or different training options for careers after high school. If you didn't know it yet, anyone can get a job and learn how to do a task, however, to get into a career, it takes additional education or specific training! This lesson will outline most of the possible avenues to get an education, or the specific training for careers and professional occupations. Read through the lesson then proceed to your next assignment.

### Assignment 2 Post Secondary Research Project:

I will give two weeks to complete this assignment.

Make sure you put on your project, your First and Last name, My Name, M. Puranen , and the course name : Lifeworks 20S

<u>Lesson #</u>	<u>Possible dates for completion</u>
<b><u>Last week and this week</u></b>	
Lesson 2B <u>Focus on the Future: Your Grad Planner</u> (document)	11-18 May
<b><u>This week</u></b>	
Lesson 3 <u>Education and Training Options</u>	13 May
Assignment 2 <u>Post-Secondary Research Project</u>	26 May

## Instructions

- Lesson 3 Education and Training Options. Read through the notes about the types of education and training options possible after graduation. Now would be a good time to think about possible avenues that might be of interest to you after Graduation.
- Assignment 2: **Post-Secondary Research Project**. Have you ever thought about going to university or college? Have you ever thought of studying a subject you are passionate about? Well here is a chance to do some research to see if there is a program out there that fits your interests. In this assignment you are simply doing some research on a University or College of your choice that is located within the province of Manitoba. The instructions are in the “Assignment 2 package” and are fairly simple to follow. There is a rubric, with a checklist to guide you through the process. You can check off the information you have found, and you can present the information anyway you want. You can write paragraphs or use a list in point form. You can do it on paper, or on the computer. You can write it and submit it; you can print it or email it to me. This is an open format assignment. Whatever is your favourite way to present the information is ok with me. Follow the assignment 2 guidelines for details. You will have 2 weeks or more if needed to complete this task.

## Remember!

**As you continue to work through these work packages, please keep your notes at home!**

**Please remember to put your full name, First and Last name on assignments. Thank you.**

If you have any trouble completing this assignment don't hesitate to contact me.

At school – Phone: (204) 367-2296
