

# Homework Package June 9 - June 15

	Tuesday June 9	Wednesday June 10	Thursday June 11	Friday June 12	Monday June 15
Morning Work 30 minutes	1) Math review: multiplication word problems	1) Math review: skip count, multiply, divide	1) Math review: multiply, divide	1) Math review: fact families	1) Math review: multiply, divide
Afternoon Work 30 minutes	1) Lion and Mouse	1) Lion and Mouse	1) Lion and Mouse	1) Read 2) Journal	1) Lion and Mouse

## Tuesday June 9

### Morning Work:

- Math review: multiplication word problems (**about 30 minutes**) - Students will work on the math worksheet labelled Tuesday. They will be reading the word problems, writing the multiplication sentence and answering the question.

### Afternoon Work:

- Lion and Mouse (**about 30 minutes**) - Students will read through the story of Lion and Mouse. Once they have read the story, they will re-read the story, this time looking for words that are unfamiliar to them. Then, they will work on the page that is labelled Tuesday. They will pick 3 words that are unfamiliar, write them down and try to define what it means based on the context of the story. Their sentences are laid out on the paper for them, they just need to fill in the words, what

## Wednesday June 10

### Morning Work:

- Math review: skip count, multiply, divide (**about 30 minutes**)
  - Students will work on the worksheet labelled Wednesday. They will be reviewing skip counting, multiplication and division. If at any point there seems to be too many questions or they get overwhelmed. You can just answer every other question.

### Afternoon Work:

- Lion and Mouse (**about 30 minutes**) - Students should re-read the story. Students will be working on the pages that are labelled Wednesday. On the first page, they will be answering the who, what, where, when, why, and how questions about the story. They must answer in complete sentences. On the second page, they will be filling in the story structure, so the plot, characters, problem, etc. Point form answers for this portion is okay.

## Thursday June 11

### Morning Work:

- Math review: multiply, divide (**about 30 minutes**) - Students will work on the worksheet labelled Thursday. They are reviewing their multiplication and division skills. If there are too many, or they become overwhelmed, do every other question.

### Afternoon Work:

- Lion and Mouse (**about 30 minutes**) - Students should re-read the story, then they will be working on the pages labelled Thursday. They will fill in the Venn Diagram comparing The Mouse and The Lion using the terms from the bottom of the page. Then they will be looking at how characters respond to problems. They will answer the

questions about The Lion and The Mouse in complete sentences.

## Friday June 12

### Morning Work:

- Math review: fact families (**about 30 minutes**) - Students will work on the math worksheet labelled Friday. They will be reviewing fact families for multiplication and division.

### Afternoon Work:

- Read (**about 15 minutes**) - Students can read silently to themselves or out loud to a family member.
- Journal (**about 15 minutes**) - Students will be doing their weekly write. They must turn to a fresh page in their journals, date the top and write at least 4 sentences telling me about their week.

## Monday June 15

### Morning Work:

- Math review: multiply, divide (**about 30 minutes**) - Students will work on the math worksheet labelled Monday. They will be reviewing their multiplication and division skills.

### Afternoon Work:

- Lion and Mouse (**about 30 minutes**) - Students must re-read the story. They will then work on the page labelled Monday. They will answer the question in complete sentences. They must write at least 3 sentences explaining their answer.

Dear Grade 3/4's,

We are almost done with the school year. Can you believe it? I know it has been hard but I am so proud of all the hard work you have done! I am still working away at my blanket but now that it is so nice out I have been in my garden or fishing in the evening! My plants in the garden are really starting to grow! What have you been up to lately? What are you looking forward to this summer?

♥ Ms. Bruce

**Read and solve the following questions. Make sure to write the equation to show your thinking**

- ②⑧ Mom bought 3 pizzas for Sally's birthday party. Each pizza was then divided into 8 pieces. How many pieces of pizza were there in all?

$$\underline{\quad 8 \times 3 \quad} = \underline{24}$$

There were 24 pieces of pizza in all.

- ②⑨ Mom divided the birthday cake into 12 pieces. The cake was shared among Sally and 5 friends. How many pieces of cake did each child have? **Hint: there could be left over pieces.**

$$\underline{\quad \quad \quad} = \underline{\quad \quad \quad}$$

Each child had            pieces of cake.

- ③⑩ Mom made 4 different kinds of sandwiches. There were 8 sandwiches in each kind. How many sandwiches did Mom make in all?

$$\underline{\quad \quad \quad} = \underline{\quad \quad \quad}$$

Mom made            sandwiches.

- ③⑪ Five children shared equally a box of 28 lollipops. Sally got all the leftovers. How many lollipops did Sally get?

$$\underline{\quad \quad \quad} = \underline{\quad \quad \quad}$$

Sally got            lollipops.

**Try this for fun!**

**Write 1 to 9 in the boxes to make the following number sentences true. You cannot use any numbers twice.**

<input type="text"/>	+	<input type="text"/>	=	<input type="text"/>
<input type="text"/>	-	<input type="text"/>	=	<input type="text"/>
<input type="text"/>	x	<input type="text"/>	=	<input type="text"/>

Fill in the missing numbers. **Hint: Skip count**

① 10 15 \_\_\_\_\_ 25 \_\_\_\_\_ \_\_\_\_\_

② 18 \_\_\_\_\_ 36 45 \_\_\_\_\_ \_\_\_\_\_

③ 18 16 \_\_\_\_\_ 12 \_\_\_\_\_ \_\_\_\_\_

④ 36 32 \_\_\_\_\_ \_\_\_\_\_ 20 \_\_\_\_\_ \_\_\_\_\_

⑤ \_\_\_\_\_ 64 56 \_\_\_\_\_ 40 \_\_\_\_\_ \_\_\_\_\_

Answer the following questions.

**\*\*There are a lot of questions, if you feel overwhelmed, do every other question.**

⑥  $36 \div 9 =$  \_\_\_\_\_      ⑦  $45 \div 5 =$  \_\_\_\_\_      ⑧  $64 \div 8 =$  \_\_\_\_\_

⑨  $4 \times 7 =$  \_\_\_\_\_      ⑩  $6 \times 3 =$  \_\_\_\_\_      ⑪  $5 \times 7 =$  \_\_\_\_\_

# The Lion and the Mouse

## An Aesop's Fable

After a long morning of roaming his kingdom in search of food, Lion decided to lay down for a short slumber. He quickly fell asleep.

A short time later, Lion was awakened by a quiet, scurrying noise. A small creature was moving quickly over his paw. Lion opened his eyes to find a little mouse running up and down upon him. He roared in anger and placed his huge paw upon the mouse.

"Who dares to wake me from my nap?" roared Lion as he opened his big jaws to swallow the little mouse. Mouse replied, "Pardon me, O King. Please forgive me. If you let me go, I shall never forget your kindness and will surely repay you someday."

Lion laughed, "How can such a little mouse ever repay me? I am the king, and you are nothing more than a little mouse!" Deciding that the mouse would not be a satisfying meal fit for a king, Lion let the mouse escape.

A few days later, Lion found himself caught in a trap set by hunters. He roared in anger, trying to free himself from the net. The little mouse heard Lion's cry, and quickly ran to his aid. The mouse set to work gnawing on the ropes that held the lion prisoner. Lion escaped, learning a valuable lesson. Even the smallest of creatures are capable of great things.

Answer the following questions about the story in complete sentences.

Wednesday

## The Lion and the Mouse

Who is this story about?

---

---

---

---

---

What problem did Lion have in the story?

---

---

---

---

---

Where does this story take place?

---

---

---

---

---

When did Lion become angry?

---

---

---

---

---

Why did Lion let the mouse go?

---

---

---

---

---

How does the mouse repay Lion?

---

---

---

---

---

## The Lion and the Mouse

### Story Structure

#### Setting

(time and place)

---

---

Answer the following questions  
about the story.  
Point form answers are okay.

#### Characters

---

---

#### Problem Just choose 1!

(There may be more than one!)

---

---

---

#### Solution

---

---

---

#### Plot

## The Lion and the Mouse

How do characters respond to challenges?

Answer each of the following questions in a complete sentence.

### The Mouse

How does the mouse respond when he becomes trapped under Lion's paw?

---

---

What is another way the mouse could respond to this problem?

---

---

Did mouse make a good decision to beg Lion for his life? Why or why not?

---

---

### The Lion

How did Lion respond when he became trapped in the net?

---

---

What other way could Lion respond when he was trapped in the net?
